The Lawbook Exchange, Ltd. 30 Justice of the Peace Manuals

Primary Source for Many Subsequent Manuals

Begun by Samuel Blackerby, Alphabetically Digested, And Continued to the End of the Last Session of Parliament, 1734. With an Exact Table, By Nathaniel Blackerby, Esq. [London]: Printed by E. and R. Nutt, 1734. [xxiv], 540 pp. 12mo. (5" x 3").

Contemporary calf, blind rules to boards, raised bands and lettering piece to spine. Some rubbing to extremities, corners bumped, boards beginning to separate but still quite secure. Early annotation to front pastedown, struck-through signature to front free endpaper. Offsetting to margins of endleaves, rest of interior notably fresh. \$400.

* Fifth edition. With a digested index. The first edition of Blackerby's *Justice of the Peace, His Companion* appeared in 1711. A companion volume, *Cases in Law*, which carries the subtitle "The Second Part of the Justice of Peace's Companion," followed in 1717. Both were held in high esteem, went though several editions and served as primary sources for many subsequent manuals. *Justice of the Peace* is arranged alphabetically by topic. Such entries as Apprentices, Bastardy, Gaming Houses, Overseers of the Poor, Papists and Popish Recusants and Witchcraft offer a unique perspective on rural English society during the early 1700s. Sweet & Maxwell, *A Legal Bibliography of the British Commonwealth* 1:225 (11).

* First edition. With a list of subscribers. Holdsworth considers this an important book due to its topical arrangement and unusually comprehensive nature. It is organized systematically and deals with Scotch and English law. A second edition entitled, *The Office, Powers, and Jurisdiction, Of His Majesty's Justices of the Peace, And Commissioners of Supply, For Scotland*, was published in 1797. Baillie was one of the Lords (Commissioners) of the Treasury from 1717 to 1724. Holdsworth, *A History of English Law* XII:335. Sweet & Maxwell, *A Legal Bibliography of the British Commonwealth* 1:225.

The Only American Abridgment Published Before the Revolution

4. Burn, Richard [1709-1785]. Greenleaf, Joseph [1720-1810], Editor.

An Abridgment of Burn's Justice of the Peace and Parish Officer. To Which is Added, An Appendix, Containing Some General Rules and Directions Necessary to be Known and Observed by All Justices of the Peace. Boston: Printed For, And Sold By, Joseph Greenleaf, 1773. [viii], 386, [2] pp. Includes two-page publisher advertisement. Quarto (8-1/2" x 7").

Moderate rubbing and minor scuffing to boards, some offsetting to margins of endleaves, very light browning to text. Early owner signature (J. Rowe/ Sept 16. 1776) to title page, interior otherwise clean. A handsome copy. \$2,400.

* Only American edition and the only abridgement of a legal treatise printed in America before the Revolution. Richard Burn was an attorney and antiquarian who edited the ninth, tenth, and eleventh editions of Blackstone's *Commentaries*. His *Justice of the Peace, and Parish Officer* (1755) was perhaps his most important work. Holdsworth considered it to be one of the best treatments of the subject, an opinion shared by Burn's contemporaries, both in England and in the colonies. The "best proof that his book...was accepted as the leading text-book on that topic is the number of editions through which it passed.... It deserved its success. Burn carefully abridged the statutes, and stated the manner in which their clauses had been interpreted by the courts. His treatment of the criminal law was based upon a thorough study of the works of Coke, Hale, and Hawkins." Greenleaf explains the nature of his abridgement in the preface: "The London edition takes in the whole practice of England and Scotland, this renders it both bulky and dear. The circle of a justices business in those places is vastly extensive, and is founded chiefly on acts of the British parliament, which can never have any relation to this colony" [i]. Greenleaf also added an appendix of forms and general rules and directions for American courts. Holdsworth, *A History of English Law* XII:332-333. Cohen, *Bibliography of Early American Law* 8325.

A Landmark Treatise on Justices of the Peace From the Library of a Notable Nineteenth-Century New York Lawyer

5. Dalton, Michael.

The Countrey Justice, Containing the Practice of the Justices of the Peace Out of their Sessions: Gathered for the Better Helpe of Such Justices of Peace as Have Not Been Much Conversant in the Studie of the Laws of This Realme: Now the Sixth Time Published, in Many Things Corrected, And Much Inlarged. London: Printed for the Company of Stationers, 1635. [xii], 136, 133-280, 277-410, [10] pp. Folio (11" x 7").

Contemporary calf, blind rules to boards, recently rebacked in period style retaining somewhat later lettering piece, endpapers renewed. Some rubbing and staining to boards, corners bumped, armorial bookplate of William Curtin Noyes and residue from later library bookplate to front pastedown. Title within attractive woodcut architectural border, woodcut head-pieces, tail-pieces and decorated initials. Light toning to text, faint dampstaining and inkstains to margins in a few places, small chip to fore-edge of title page, which is lightly soiled, internally clean. A nice copy. \$600.

* Sixth edition. This venerable justice of the peace manual went through some twenty editions between 1618 and 1746. This work is also significant because it firmly established the alphabetical topical structure adopted in later texts. Rooted in Crompton, Fitzherbert and Lambard, *The Countrey Justice* offers advice on such matters as buggery, customs, highways, prisons, riots, soldiers, murder, felonies, rogues and vagabonds, wool, and high treason. Though "not a judicial authority" says Marvin, "it is of considerable weight." Noyes [1805-1864] was a leading New York lawyer and a member of the commission formed to codify the state's laws, which resulted in the Field Codes. A man of extensive learning, he owned one of the finest law libraries in the United States. Marvin, *Legal Bibliography* 251. Sweet & Maxwell, *A Legal Bibliography of the British Commonwealth* 1:227 (24).

Recent period-style calf, blind fillets to boards, lettering piece and blind fillets to spine, endpapers renewed. Light toning to text, somewhat darker in places, light foxing to some leaves, small chip to fore-edge of a leaf with no loss to text, internally clean. \$850.

* Third and final edition. Educated at Trinity College and the Middle Temple, Grimke was an important South Carolina jurist, legal author and statesman. He also played a notable role in the Revolution and South Carolina's ratification of the Federal Constitution. Probably published anonymously due to his judicial position, he was an associate judge of the Superior Court of South Carolina from 1783 to 1799, then senior associate judge of that court until his death, Grimke's *Justice* became a standard text for attorneys and judges throughout early America. The nineteen-page section of this work on "Negroes" is especially interesting. The first and second editions were published in 1788 and 1796. Cohen, *Bibliography of Early American Law* 8467.

The First JP Manual Printed in Tennessee

14. Haywood, John [1762-1826], Compiler.

The Duty and Authority of Justices of the Peace, In the State of Tennessee. Nashville: Printed and Sold by Thomas G. Bradford, 1810. [iv], 372, [7] pp. An additional four leaves, all containing advertisements, not present in this copy. Octavo (7" x 4-1/2").

Recent period-style calf, gilt rules and lettering piece to spine, hinges mended. Some toning and faint dampspotting to text, several printing faults resulting in torn leaves near the gutter, typical with early frontier imprints. Two later owner signatures to front pastedown, interior otherwise clean. \$1,800.

* First edition. The first JP manual printed in Tennessee. With its choice of topics and rather amateurish printing, this manual evokes the state of frontier life in the early nineteenth century. Haywood was a jurist and historian from North Carolina who moved to Tennessee in 1807. Soon after his arrival he enhanced his already solid reputation by publishing a series of legal compilations and the earliest important histories of his adopted state. He served on the Tennessee Supreme Court for the last 12 years of his life. Other editions of his manual were published in 1811 and 1816. Though all editions are somewhat common in institutional collections, there are few copies of any edition in law libraries. Regarding the first edition, OCLC locates 4 copies (at Harvard, the Universities of Michigan and Minnesota and Yale). Also, no copy has appeared at auction in more than 30 years. Allen, *Tennessee Imprints* 162. Allen, *More Tennessee Rarities* 340. Cohen, *Bibliography of Early American Law* 8470.

With a 75-Page Dedication to Lord Mansfield

15. [Heathcote, Ralph (1721-1795)].

The Irenarch: Or, Justice Of The Peace's Manual. Addressed to the Gentlemen in the Commission of the Peace for the County of Leicester. By a Gentleman of the Commission. To Which is Prefixed, A Dedication to Lord Mansfield, By Another Hand. London: S.n., 1774. [ii], lxxv, [i], 82 pp. Octavo (8-1/4" x 5").

Stab-stitched pamphlet in recent marbled wrappers, printed paper label to front cover. Light soiling to title page and verso of final leaf, light toning to text. A nice copy. \$350.

* Second and best edition, with an added preface dated November 1773. The first edition, a 46-page pamphlet, was published in Leicester in 1771. The lengthy--and highly political--preface, addressed to Lord Mansfield, is a defense, ambiguous at best, of the Chief Justice of King's Bench against attacks made by "Junius," who was recently tried before Mansfield for seditious libel. Mansfield's verdict led to Junius's Letter No. 41, "charging Mansfield with a design to subvert the constitution by form of law." The author begins by giving Mansfield the benefit of the doubt with regard to his acquiescence in the Middlesex election involving John Wilkes. Ralph Heathcote was a clergyman and miscellaneous writer who took part in the Hume-Rousseau controversy and the controversy against Bolingbroke. He also served as a justice of the peace for Leicestershire. The first edition is rare, the other two are quite scarce. In North American law libraries OCLC locates no copies of the first edition, 6 copies of the second (at Columbia, Duke, Harvard, Library of Congress, University of Minnesota, Yale) and 1 copy of the third (at Harvard Law School). This edition not in Sweet & Maxwell. *English Short-Title Catalogue* T104398.

* Lambard, or Lambarde, a barrister and legal historian, was the keeper of records at the Rolls Chapel and the Tower of London. First published in 1581, *Eirenarcha* is esteemed for its comprehensive and systematic account of the organization of local government under the justices of the peace at the end of the sixteenth century. It was the standard authority for many years and often reprinted. Like many books of its kind, Eirenarcha offers fascinating insights into the society that produced it. This is evident in the detailed indictments for such offenses as murder via witchcraft, raping a child or maid (the age of distinction was ten), hearing a Catholic Mass, practicing usury and operating a bowling alley. First published in 1582, *Duties of Constables* is a companion work. Sweet & Maxwell, *A Legal Bibliography of the British Commonwealth* 1:229(43), 234 (9).
