**Law and
 the Modern Condition**
 Literary and Historical Perspectives

Lawrence Friedman, Editor
George Dargo, Contributor
Karla Spivack, Contributor

Clark, NJ: Talbot Publishing, 2013
 xv, 266 pp.

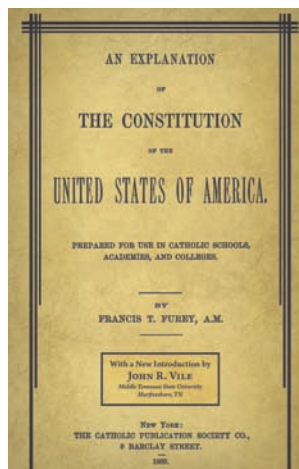

Using fiction as a lens through
 which to view particular
 developments in the law, these
 essays by Friedman, Dargo and
 Spivack discuss works of literary
 fiction – including the tale of Ruth

in the Bible – Franz Kafka and Herman Melville, the plays of
 William Shakespeare and the post-September 11 fiction of Ian
 McEwan and others that are concerned, directly or indirectly,
 with the historical development of the law.

These provocative, scholarly essays range from the Bible to a look at how
 tomorrow's technology may influence fundamental social organization with
 many startling stops in between - Lady Macbeth, Kafka, Napster and post 9/11
 fiction to name a few. Friedman's choices help the reader view the transit of
 law and culture through novel, sometimes unforgettable, dimensions.

Manu [Lawgiver]

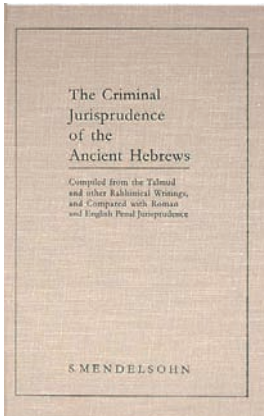

Originally published: Calcutta: Printed by the order of the Government. London: reprinted for J. Sewell ... and J. Debrett, 1796
xvi, 366 pp.

With a New Introduction by **Steve Sheppard**

University of Arkansas School of Law

The *Manusmriti*, or Laws of Manu, is an important statement of Hindu law. Attributed to Manu, the progenitor of humanity in Hindu theology, it was compiled in its final form around 200 BCE. It is a collection of laws governing individuals, communities and nations and is an important (and somewhat controversial) source of information about the caste system and the status of women. This work achieved its international prominence through Jones [1746–1794], the able judge of the High Court of Calcutta and brilliant linguist, who produced the first complete English translation. Jones was attracted to this work because of its structural similarities to the *Institutes* of Justinian. Intending to become the "Justinian of India," he intended to follow this translation with translations of other texts that resembled other parts of the *Corpus Juris Civilis*. He did not live long enough to complete his great project.

About Us

Founded in 1983, The Lawbook Exchange began publishing reprints of legal classics in 1991, and introduced original titles in 2003. We currently serve thousands of individuals and institutions worldwide.

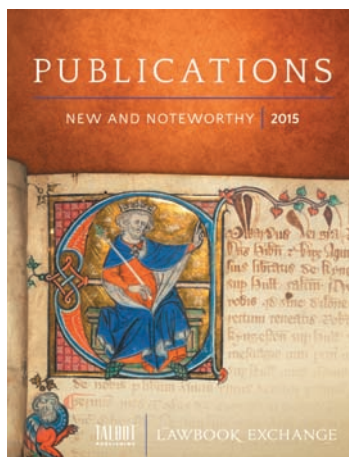

Although we have been publishing new original titles since 2003, we have issued them under the same imprint as our reprint editions: LAWBOOK EXCHANGE, LTD. In 2013 we divided our publication division into two units.

Our imprint, TALBOT PUBLISHING, presents new monographs of current scholarship in law and legal history.

LAWBOOK EXCHANGE REPRINTS is a series of more than 1,000 classic texts, many with new introductions, indexes and other new material by leading scholars. This series also includes recent monographs for which we have obtained copyright, thus they are not available elsewhere. Most of those are included here. Our reprints feature unabridged, carefully reproduced texts, acid-free paper and attractive, high-quality bindings.
