**1857 Controversy Concerning the  
Use of Public Funds for Catholic Schools in Canada**

*Controversy Between Dr. Ryerson, Chief Superintendent of Education in Upper Canada, and Rev. J.M. Bruyere, Rector of St. Michael's Cathedral, Toronto, On the Appropriation of the Clergy Reserve Funds; Free Schools vs. State Schools; Public Libraries and Common Schools Attacked and Defended. Rev. J.M. Bruyere for the prosecution, Dr. Ryerson for the Defence. To Which is Appended a Letter from the Right Rev. Dr. Pinsonneault, Bishop of London, C.W., to Rev. J.M. \* First edition. A church-state controversy involving the use of public funds to finance the common school system to the detriment of Catholic sectarian schools. The Clergy Reserve funds were intended for Catholics and Protestants alike. To avoid dissension the legislature decided instead to devote the funds to educational resources for the common school system and public libraries. Rev. Bruyere, representing Catholic interests, protests the use of Catholic and Protestant money to bolster common schools where religion is "banished ... where the child of Christian parents must be taught practically that all religious systems are equally pleasing ... be he a believer in the immutable decrees of eternal reprobation or a follower of the imposter Joe Smith." OCLC locates 14 copies worldwide, none in North American law libraries. We located 1 copy, however, at Osgoode Hall, York University. See Sweet & Maxwell, *A Legal Bibliography of the British Commonwealth* 3:59 for related publications, missing this. Sabin, *A Dictionary of Books Relating to America* 74551.

\* First editions, except 7, which is a second edition. One of the most ambitious and admired works of its time, the *Modern Reports* began as a four-volume set issued from 1682 to 1703. A fifth volume was added in 1711. Six more, one of them in two parts, were issued by later reporters. Taken together, these books report cases from 21 Charles II to 4 George II (1669-1732). Thomas Leach edited the books and republished them in 1793-1796 as a twelve-volume set. Complete sets of early editions, such as ours, are rare in the trade. Very few have ever appeared at auction; we have not seen any sets in the past 30 years. (The Sweet & Maxwell annotation, otherwise excellent, gives incorrect publication dates for 3.) **First Post-Revolution Edition  
of an Important Work on the Right to Trial by Jury**

**11. Hawles, Sir John (1645-1716).  
[Bacon, Francis (1561-1626)].**

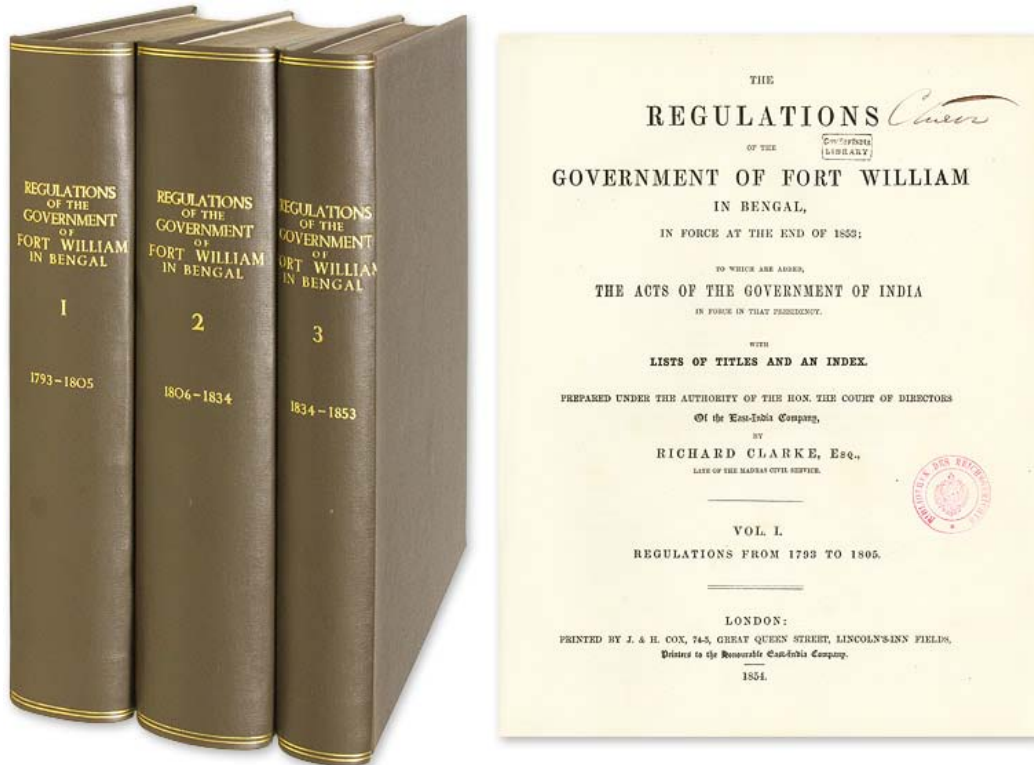

*The Englishman's Right; A Dialogue Between a Barrister at Law and a Juryman; Shewing, I. The Antiquity, II. The Excellent Designed Use, III. The Office and Just Privileges of Juries by the Law of England (Being a Choice Help for All Who Are Qualified by Law to Serve on Juries). To Which is Prefixed, An Introductory Essay, On the Moral Duty of a Judge. By Lord Bacon.* Philadelphia: Printed by John Thompson, of Philadelphia; For Alexander Brodie, 1798. 6, [vii]-viii, [1], [17]-70 pp. Octavo (7-1/2" x 4-1/2").

Contemporary marbled sheep over marbled boards. Light rubbing to extremities, heavier rubbing and a few minor stains to boards, hinges starting. Moderate toning to text, dampstaining in a few places, internally clean. An appealing copy. \$750.

\* Third American edition. First published in London in 1680, and in Boston in 1693 and 1772, this 1798 Philadelphia edition was the first printed after the Revolution. Possibly a response to the recent passage of the Alien and Sedition Acts, it has an interesting preface by the bookseller, Alexander Brodie: "But lest (sic) the title 'The Englishman's Right' should give offence to any, it is proper to observe that the Charter of the Liberties of England is a grant from their kings obtained by force. This charter is the fountain of all their Rights; and among others of the Englishman's Right to be tried by a Jury of his Equals. As Americans we possess the same Right, and Juries by our Laws have the same powers and privileges, as by the Law of England. Neither we or our Ancestors ever were Slaves. We hold our Liberties from God alone, and to him alone are we accountable for the use or abuse of them. It is no mark of Vassalage to borrow instructions from English Jurisprudence. To understand our rights well, we must study them, and endeavour to profit by the experience of other Nations. The better to enable Jurymen to discern between Judge and Prisoner, if a lawless stretch of power should be attempted, of which at present there appears no danger, from the high character of our American Judges, I have prefixed by way of Introduction, Lord Bacon's Essay on the Moral duty of a Judge. And let it be remembered, that Judges are appointed to interpret the Laws faithful but Juries were instituted to watch and restrain Judges; so may the blessing "Him That Was Ready To Perish Upon Them!"

A staunch Whig, Hawles wrote *The Englishman's Right* to outline the rights, duties and proper behavior of a juryman and to promote the jury system as a bulwark against tyranny. Immediately successful among Whigs and others who saw themselves as defenders of English liberties, it was received with great enthusiasm in America, where it was reprinted several times well into the nineteenth century. According to Cohen, it was probably the first English law book reprinted in the American colonies. Cohen, *Bibliography of Early American Law* 1481.

**Portrait Photograph of Lyndon Johnson Inscribed to  
Supreme Court Justice and UN Ambassador Arthur Goldberg**

**15. Johnson, Lyndon Baines [1908-1973].**

**[Goldberg, Arthur (1908-1990)].**

[*Photograph of Johnson Inscribed to Goldberg*]. N.p., N.d. (1965?). 8" x 10" color portrait photograph, printed credit in the image at bottom left, glazed and framed in tasteful black-and-gold wooden 16" x 19" frame. Bold inscription and full signature below image. A few tiny nicks to frame, image fine. \$5,000.

\* The (undated) inscription reads "To Arthur Goldberg-/ With the high regard and affection/ of his friend-/ Lyndon B. Johnson." Appointed by President Kennedy, Goldberg was an Associate Justice of the U.S. Supreme Court from 1962 to 1965 and one of the most significant justices of the twentieth century. In his three terms on the bench he pushed the Court toward a broader construction of personal rights, a course it followed over the following two decades. He is best known for his influential 1963 internal Supreme Court memorandum that condemned capital punishment as an example of "cruel and unusual punishment," as defined by the Eighth Amendment, and his opinion in *Griswold v. Connecticut* (1965), which argued against a Connecticut law banning the use of contraceptives because it violated an un-enumerated right to privacy guaranteed by the Ninth Amendment. The memo initiated a wave of litigation and legislation that led to the abolition of the death penalty in several states; the *Griswold* opinion laid the foundation for *Roe v. Wade* (1973), which established a women's right to have an abortion. When Adlai Stevenson, Ambassador to the United Nations, died in 1965 President Johnson decided to appoint Goldberg to fill his seat. Johnson's larger plan was to put Abe Fortas on the bench because he knew Fortas would defend his Great Society programs (and spy on the Court for him). Probably a recipient of the legendary Johnson "treatment," Goldberg was persuaded to resign while flying to Stevenson's funeral on Air Force One. Goldberg went on to say that he accepted the UN Ambassadorship in order to resolve the Vietnam Conflict. This photograph may be a memento of that 1965 flight, or one of the tools Johnson used to persuade Goldberg.

Image of Furnival's Inn by a Noted Engraver

**25. Sutton, Nicholas.**

*Furnival's Inn*, c. 1725. 13" x 18" copperplate engraving, handsomely matted and glazed. Image notably fresh. \$400.

\* This engraving, which has a caption near the top margin, offers a bird's eye view of the courtyard of Furnival's Inn, its buildings and the surrounding neighborhood. The appearance of the Inn and the clothing and vehicles of the figures places the date of this image in the early decades of the eighteenth century. Sutton was highly regarded for his topographical engravings. Many were created for later editions of John Stow's *Survey of the Cities of London and Westminster*, which is probably the source of this plate. Furnival's Inn was an Inn of Chancery attached to Lincoln's Inn that was founded in 1383. Sir Thomas More was a reader at this Inn; Dickens rented rooms there in 1834 to 1837, the time when he was writing the *Pickwick Papers*.
