Benjamin W. Pope

Legal Definitions

A Collection of Words and Phrases as Applied and Defined by the Courts, Lexicographers and Authors of Books on Legal Subjects
In Two Volumes.

Originally published: Chicago: Callaghan and Company, 1919
[iv] (new introduction), 1691 pp.

**With a new Foreword by
Bryan A. Garner**

President, LawProse, Inc. and editor of current editions of *Black's Law Dictionary*

Judge Benjamin W. Pope [1853-1923] compiled this law dictionary in 1919-1920, and included citations to many cases that came before Illinois courts.

Still, this quirky and impractical nature of the dictionary is offset by some excellent entries, such as the one on *shall* (pp. 1466-74). Pope was one of the earliest to elucidate the variability of the word... In these pages, researchers can learn a good deal about many of the terminological issues that early-20th-century courts were deciding. That is useful information, for which we owe Pope a debt of gratitude.

With a New Introduction by Bryan A. Garner

Reprint of the Rare Original Edition

William Marriott

A New Law Dictionary

Comprehending A General Abridgment of the Law

Originally published: London: Printed for W. and J. Stratford, 1797-98
4 Vols. ix (new introduction), 2,580 pp.

This four-volume work was the culmination of an 18th-century bloodline that began in 1729 with the appearance of Giles Jacob's *New Law-Dictionary*, which appeared in 11 editions through 1782. Jacob started a new genre: the law dictionary that was also an "abridgement"—that is, an alphabetically arranged restatement of the whole law, subject by subject. (...) His four-volume set (as ultimately published) has remained one of the most obscure law dictionaries ever. Copies are extremely rare today: few libraries, even at the institutions that have specifically built up their holdings in law dictionaries, possess one. I, for example, was never able to examine a copy until the page proofs of this reprint were made available to me. My guess is that no more than 100 were printed. Fewer than a dozen copies are known to exist. The book has therefore received scant attention.

From the Introduction by Bryan A. Garner

President, LawProse, Inc. and editor of current editions of *Black's Law Dictionary*

John Bouvier A Law Dictionary, Adapted to the Constitution and Laws of the United States of America, and of the Several States of the American Union

Originally published:
Philadelphia: Childs and
Peterson, 1857

Hardcover 2004 \$165. 2 Vols. ii (new introduction),
ISBN 9781584772835 xi, 692 pp.; 745 pp.

Reprint of seventh edition of the first American law dictionary, distinctive for its particular emphasis on American law. Compiled by John Bouvier, this classic dictionary went through fifteen editions during the nineteenth century, the final appearing in 1886. New editions continued in the twentieth century, most notably three that were edited by Francis Rawle, the last of which appeared in 1914. Its many editions are widely used and cited today because they provide excellent overviews of American law as it existed at the time of their publication.

[T]he best book of the kind in use for the American lawyer. It contains sufficient reference to English and foreign law, and a very full synopsis of such portions of American jurisprudence as requires elucidation.

Marvin, *Legal Bibliography* (1847) 138

Richard Burn A New Law Dictionary Intended for General Use, as Well as For Gentlemen of the Profession, and Continued to the Present Time by John Burn

Originally published: London:
Printed by A. Strahan and W.
Woodfall, 1792
2 Vols. i (new introduction),
vii, 442; 446, [10] pp.

Hardcover 2004 \$250.
ISBN 9781584773566

Intended to be a practical tool, Burn [1709–1785] eliminated several French definitions found in earlier dictionaries that were made obsolete by a 1733 decree of George II ordering writs and pleadings to be given in English. The elimination of these entries seems to have cleared space for other material and longer entries. Indeed, Burn's articles on such subjects as judgment, jury, purchase and will are broader, more detailed and better organized than they are in earlier dictionaries of this kind. It is unclear whether Burn intended to publish this book; it was edited, expanded and published posthumously by his son, John Burn.

T[imothy] Cunningham A New and Complete Law-Dictionary, or, General Abridgment of the Law On a More Extensive Plan than any Law-Dictionary Hitherto Published.

Originally published: London:
J.F. and C. Rivington, 1783
2 Vols. [iii] (new introduction),
[852]; [890] pp.

10" x 14"
Hardcover 2004 \$495.
ISBN 9781584772743

The first dictionary which aimed at completeness as regards legal terms only was that of Cunningham...

Frederick Charles Hicks

Materials and Methods of Legal Research 3rd Rev. Ed. 247

The author of more than twenty books, **TIMOTHY CUNNINGHAM** [1718?–1789] was one of the most prolific legal writers of the eighteenth century. Like Jacob, Cunningham aimed to create a dictionary that would give a complete account of the law. The result is a work that is also an abridgment, and includes summaries of cases and precedents in equity and statutes. Along with those of Jacob and Marriot, it was one of the most popular comprehensive English dictionaries of the period, and was found in Thomas Jefferson's library.

Vincent J. Monteleone Criminal Slang The Vernacular of Underworld Lingo Revised Edition

Originally published:
Boston: The Christopher
Publishing House, 1949
[iii] (new introduction),
292 pp.

Hardcover 2004 \$75.
ISBN 9781584773009

Monteleone was a police officer with thirty-two years of service throughout the United States. He compiled this collection of words and phrases used by the "gangster, tramp or hobo" over the course of a career that spanned the 1920s, 30s and 40s. Both instructive and amusing, it contains hundreds of entries relating to criminal matters of the time, such as "Academy" (a jail), "Across the River" (dead), "Grease the Track" (to fall under a moving train), "Looseners" (prunes), "Sprinkle the Flowers" (to distribute bribes), "Suey Bowel" (A Chinese opium den), "Write Short Stories" (to forge checks) and "Zib" (an easy victim). Also includes a table of hobo code symbols. A fascinating addition to any criminal law history library or collection, this book will likely be perused often.

John Rastell An Exposition of Certain Difficult and Obscure Words, and Terms of the Lawes of this Realme

Originally published:
[London]: Richard Tottell,
[1579]
ii (new introduction),
unnumbered [392 pp.]

Hardcover 2004 \$80.
ISBN 9781584773283

The first edition of Rastell's law dictionary precedes in point of time the publication of the first general English dictionary, and is the most important English dictionary before Cowell's controversial *Interpreter* (1607). Rastell [d.1536] was a successful lawyer and printer. He published his dictionary around 1523 with the title *Expositiones Terminorum Legum Anglorum*. (Later editions are titled *Termes de la Ley* or *An Exposition of Certain Difficult and Obscure Words*). Immediately successful, it went through at least twenty-nine editions, the last appearing in 1819. Hicks praised its value and described it as useful for its insights into the state of the common law at the close of the year-book period. This early edition is especially significant because it was printed by Richard Tottell [fl. 1553-1594], an important London printer who owned the patent for many common law books.

Thomas Walter Williams A Compendious and Comprehensive Law Dictionary Elucidating the Terms, and General Principles of Law and Equity

Originally published:
London: Gale and
Fenner, 1816
iii (new introduction),
unpaginated [1022] pp.

Hardcover 2006 \$85.
ISBN 9781584776802

One of several English dictionaries published in the early nineteenth century, Williams' dictionary is notable for its physical size and broad scope. Williams noted that his aim was to include more words and shorter definitions by omitting the extraneous detail that distinguished the work of his predecessors (and, presumably, his competitors).

THOMAS WALTER WILLIAMS [1763–1833] was a barrister of the Inner Temple and was called to the bar, but he didn't have success as a pleader. He was known instead for his writings. In addition to his dictionary, he wrote manuals justices of the peace, compiled abridgments and digests and edited an edition of William Sheppard's *The Precedent of Precedents*.

Unpaginated. (194 pp.) Printed in double columns.

9" x 12"
Hardcover 2004 \$125.
ISBN 9781584774068

The *Interpreter* is considered to be the best law dictionary published before Jacob's *A New Law-Dictionary* (1729) and was, and still is, used by scholars of early English legal texts. But its publication sparked enormous controversy. Though its significance was recognized almost immediately, it was not approved by all. At a time when Parliament and crown were vying for power, the Commons were angered by John Cowell's [1554-1611] monarchical orientation, which was evident in such definitions as "King," "Parliament," "Prerogative," "Recoveries," and "Subsidies." When a joint committee of Lords and Councilors reviewed the work, the ensuing controversy nearly halted the affairs of government. James I intervened in fear that his own fiscal interests would not be approved by Parliament, and ordered a proclamation that imprisoned Cowell, suppressed the book and ordered all copies burned by a public hangman on March 10, 1610. Moreover, it contained a quotation critical of Littleton's scholarship that alienated and enraged Sir Edward Coke. It comes as no surprise that he was instrumental in the book's suppression and in Cowell's persecution. It remained in use, however, and went through several editions.

First published in 1734, this was the most important French law dictionary of the eighteenth century

Claude Joseph de Ferriere
Dictionnaire de Droit et de Pratique
Contenant L'Explication des Termes de Droit, d'Ordonnances, de Coutumes, & de Pratique. Avec les Jurisdictions de France. Nouvelle Edition, Revue, Corrige'e & Augmentee Par M***
Originally published: Toulouse: Chez Me. Rayet, 1787
2 Vols. viii (new introduction), [iii], 829, 6; [vi], 884 pp. Printed in double columns.

With a New Introduction by Jennie Meade
Director of Special Collections,
George Washington University Jacob Burns Law Library

Reprint of the final edition, "with additions exclusive to this edition, as well as those added to the 1771 Paris edition." An encyclopedic work, most of its definitions are remarkably detailed and trace the history of laws and customs. This dictionary reflects the optimistic spirit of progressive reform that reached fruition in the French Revolution. Many entries are divided into complex sub-categories, several include the etymology of legal terms and trace the history of laws and customs. In his definition 'Juge,' for example, he criticizes the vast power given to ecclesiastical judges and courts in the past and expresses thanks that they do not enjoy these powers any longer (Volume II 71). Ferriere [c.1680-c.1748] was a well known French juriconsult, dean of the Faculty of Law in Paris and a prolific author. M*** is believed to be A.G. Boucher d'Argis [1708-1791], a Parisian jurist and legal writer.

Josse De Damhouder
Sententiae Selectae Pertinentes ad Materiam Praxis Rerum Criminalium et Aliarum Partium Iuris Scientiarumque
Ex Variis Authoribus in Classes Ordine Alphabetico Dictionum Digestae
Originally published: Antwerp: Ioan Belleri, 1601

from the second
Tomlins edition
(1809).

Jacob's masterpiece was an extremely
popular work that went through
many editions. It offers unparalleled
insights into Anglo-American law
during the eighteenth century. In
contrast to earlier works, each entry
summarizes all of the laws relating
to the subject and offers extensive
interpretive commentary. Jacob was
careful to omit obsolete terms. It was
recognized almost immediately that
Jacob had created a highly useful
legal encyclopedia that was both
more detailed and concise than any
other abridgment of the period.
