Historical Introduction to the Roman Law Fourth Edition, Revised (1920)

Frederick Parker Walton

iii-vii (new introduction), xvi, 394 pp.

With a New Introduction

by

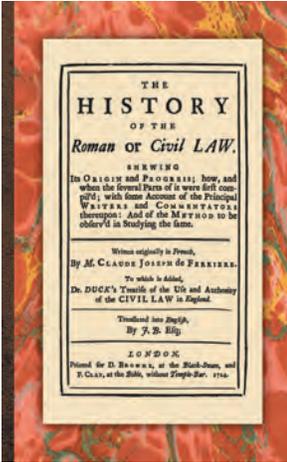

Michael H. Hoeflich

John H. & John M. Kane Professor of Law
University of Kansas School of Law

"With the exception of the Bible there is no book which has so profoundly affected western civilization as the *Corpus Juris*." With these suggestive words Dean Walton begins his clear and interesting summary of the history of the Roman Law before Justinian. Intended as an introduction to the study in Montreal of the Roman law in its modern form, and especially as it appears today in the law of the Province of Quebec, it is equally valuable for one who is to learn the modern Civil law and for one to whom Roman law is of interest only as a wonderful and effective example of the human intellect applied to the complex affairs of an imperial civilization. Dean Walton describes clearly and convincingly not only the history of important legal doctrines, but also the constitutional history of Rome so far as it had to do with the making of law. The author's learning is evident, but not obtrusive; his grasp of the subject is complete; his enthusiasm is, even to a devotee of the Common Law, almost contagious. Of especial value to a student of English law are his description of the growth of the commercial law at Rome, his explanation of the ante-Justinian sources of law, and his theory of the development of the *jus gentium*. In publishing in so handy a form just the facts about the history of Roman law that we most need to know, Dean Walton has deserved the thanks of the profession.

Joseph Henry Beale, Jr., 17 *Harvard Law Review* 294 1903–1904

FREDERICK PARKER WALTON [1858–1948] studied classics at Oxford, received his LLB at the University of Edinburgh and became an advocate in that city. He lectured in Roman law at the University of Glasgow before he was appointed Dean of the law faculty, McGill University, Montreal. He was the author of *The Egyptian Law of Obligations* (1920) and other works on Scottish and Canadian law.

The History of the Roman or Civil Law

Shewing Its Origin and Progress; How, and When the Several parts of It Were First Compil'd; ... To Which is Added, Dr. Duck's Treatise on the Use and Authority of the Civil Law in England (1724)

Claude Joseph de Ferriere

John Beaver, Translator. Sir Arthur Duck.

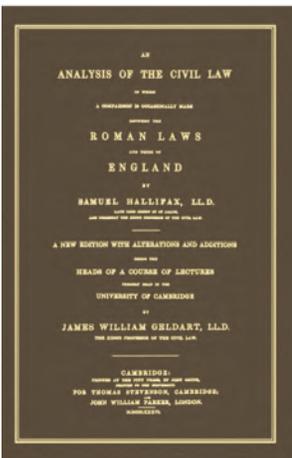

With

The History of the Origine of the French Laws

Translated from the French by J.B. Esq., With a Preface and Notes Shewing, the Analogy of the Laws of the Antient Gauls and Britons

v (iii-v new introduction), [ix], iv, [1], 169, xxxviii, [8], vii, 105, 7 pp.

Through the influence of Doctors' Commons and the universities the civilians played an important role in the development of English law, especially in the fields of commercial, estate and admiralty law. Despite its value, study of the civil law had entered a moribund phase by the eighteenth century. Several student handbooks attempted to correct this deficiency, and Beaver's translation of Ferriere's treatise is among the best. Accompanied by Duck's learned essay that connects the civil law to the common law, the work is among the first in English to establish the confluence of these legal traditions. Also included is Beaver's translation of The History of the Origine of the French Laws, Translated from the French by J.B. Esq., Shewing, the Analogy of the Laws of the Antient Gauls and Britons. First published anonymously in 1703, it has been attributed to Ferriere, Gabriel Argou and Claude Fleury.

An Analysis of the Civil Law

In Which a Comparison Is Occasionally Made between the Roman Laws and Those of England. A New Edition With Alterations and Additions, Being the Heads of a Course of Lectures Publicly Read in the University of Cambridge by John William Geldart... (1836)

Samuel Hallifax

v (iii-v new introduction), xxxv, 226, [1] pp.

Reprint of the final and best edition. In 1774 Hallifax, Bishop of Gloucester, Regius Professor of Civil Law at Cambridge University and teacher of Sir Henry Maine, offered a course of lectures on "the Roman Civil Law." According to the Dictionary of National Biography, they were "attended by persons of the highest rank and fortune at the university." The lectures were published that year and reissued in 1775, 1779 and 1818. Geldart became Regius Professor in 1814. His lectures are interesting because they offer a snapshot of civil law studies at Cambridge a half-century later.

Hardcover 2005 \$39.95
ISBN 9781584776574

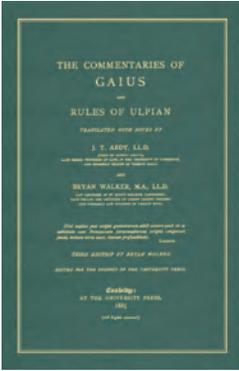

History of the Roman-Dutch Law (1908)

Johannes Wilhelmus Wessels

iv (new introduction), xv, 791 pp.

Roman-Dutch law is a hybrid of medieval Dutch law, mainly Germanic in origin, and Roman law as defined by the Corpus Juris Civilis and its later reception. It was developed in Holland during the sixteenth, seventeenth and eighteenth centuries. Bynkershoek, Damhouder, Grotius and other important Roman-Dutch scholars had a profound influence on the development of European civil law and were the primary conduit that brought civil-law ideas to America. Dutch colonists exported it to South Africa, where it became the primary component of its current legal system. This engagingly written history by a judge of the Transvaal Supreme Court offers a thorough analysis of Roman-Dutch jurisprudence and its intellectual background. He devotes a great deal of attention to its literature, and he analyzes several treatises at length. Valuable as an introduction to one of the most important legal systems in history, it is equally useful as a reference.

Encyclopedic Dictionary of Roman Law (1953)

Adolf Berger

[ii], 333-808 pp.

A comprehensive reference that includes a useful English-Latin law glossary and an extensive bibliography (centered on English-language publications) that covers all of the dictionary's topics. A formidable research tool.

"This dictionary is intended to meet the needs of the student with little or no knowledge of Roman law or indeed of Latin. It seeks to provide a brief picture of Roman legal institutions and sources as a sort of first introduction to them. A very large number of brief-usually very brief-entries provide explanations of Roman legal terms, civil and criminal, and summary accounts of the sources. This is a formidable task to undertake single-handed, and Dr. Berger is to be congratulated on the great learning and thoroughness with which he has carried it through. (...) The extensive bibliographies at the end of each entry of any substance are intended for the advanced reader who will find them invaluable, though sometimes, where the subject covered is wide, he will wish they were classified. (...) The work ends with a remarkable general bibliography listing some fifteen hundred works under headings ranging from the main divisions of the law to 'Christianity and Roman Law' and 'Roman law in non-juristic sources.' This last is particularly valuable."

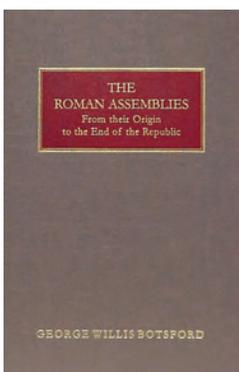

-- Barry Nicholas, 44 *Journal of Roman Studies* (1954) 160

"The publication of Mr. Adolf Berger's encyclopedic dictionary of Roman law is a very important accomplishment in the recent history of American legal scholarship. The American legal world owes him homage for putting at its disposal the scholarship of twentieth-century European Romanism, or indicating the entrances thereto."

-- Mitchell Franklin, 28 *Tulane Law Review* (1953-1954) 412

Some Problems in Roman History
Ten Essays Bearing on the Administrative and Legislative Work of Julius Caesar (1924)

Ernest George Hardy
xi, 330 pp.

Hardcover 2007 \$49.95
ISBN 9781584777533

Considers the legislative activities of Julius Caesar. Based on a careful reading of original sources, this is a collection of essays dealing with legal and political issues during the reign of Julius Caesar (and the period just before).

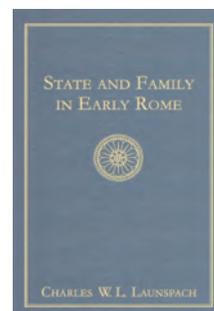

An Introduction to the Study of the Civil Law
(1837)

David Irving

[iv], 284 pp.

Hardcover 2010 \$24.95
ISBN 9781584779933

Published in 1815 as a pamphlet to aid candidates for admission into the Faculty of Advocates. Much more than a study book, this is an excellent guide and reference enhanced by Irving's graceful prose and detailed knowledge of classical literature.

State and Family in Early Rome (1908)

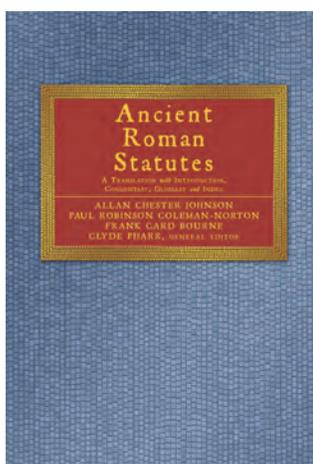

Charles W. L. Launspach

xx, 288 pp.

Hardcover 2005 \$31.95
ISBN 9781584775423

Launspach, a member of the Inner Temple, argues that early Rome was "a conscious imitation of the ancient Gens or ancient Family, that its theory of government was founded upon the relations existing between kinsmen, and that these again, were determined by religious notions which later became transformed through developments with the City and external influences." (v)

The Standard Critical Edition of the *Corpus Juris Civilis*

Ancient Roman Statutes

A Translation with Introduction, Commentary, Glossary, and Index (1961)

Allan Chester Johnson, Paul Robinson Coleman-Norton and Frank Card Bourne
Clyde Pharr, General Editor

xxxi, 290 pp.

Translated and chronologically arranged, this collection of Roman laws is drawn from Bruns's *Fontes Iuris Romani Antiqui*, Girard's *Textes de Droit Romain* and Riccobono's *Fontes Iuris Romani Antejustiniani*. Laws gathered from other secondary sources, such as the writings of ancient editions of inscriptions and of papyri by modern scholars, are also included. This volume is Volume II of *The Corpus of Roman Law (Corpus Iuris Romani)*, General Editor, Clyde Pharr.

These collections were compiled . . . without translation . . . and all comment in Latin. The present translation therefore is much to be welcomed, for there are many lawyers, historians and others, who, without being specialists in this field, may expect to find great value in the collection. (...) Political, social and economic historians will find this volume a mine of varied and valuable information.

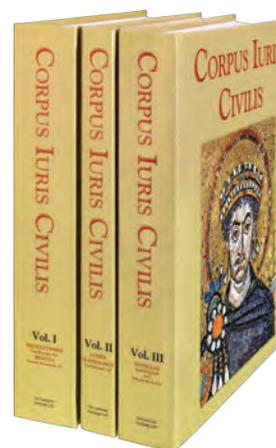

David Yale, *Yale Law Journal* 71 (1961-1962) 1370, 1374

ALLAN CHESTER JOHNSON (1881–1955) was West Professor of Classics, Princeton University. Among his works are *An Economic Survey of Ancient Rome* (1933–1940).

Hardcover 2003 \$125.
ISBN 9781584772910

The Standard Latin Language Edition of the *Corpus Juris Civilis* and the Basis for all Modern English Translations

Corpus Iuris Civilis (1895)

Justinian I, Emperor of the East.

Paul Krueger, Theodor Mommsen, Rudolf Schoell and Wilhelm Kroll

3 Vols. xxxii, 882; xxx, 513; xvi, 810 pp.

Originally published from 1872 to 1895, this is one of the finest examples of German philology and legal scholarship. In this edition, sometimes called the "Berlin Edition," Krueger edited the *Institutes*, Mommsen edited the *Digest*; the *Code* and *Novels* were edited by Schoell and Kroll.

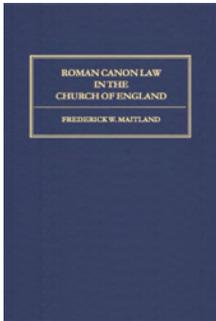

Commissioned by the Emperor Justinian in 530 CE, the body of writings known collectively as the *Corpus Iuris Civilis* reformed, restated and preserved Roman law. Its subsequent influence on European and international jurisprudence is difficult to overestimate. Rediscovered during the late middle ages, it has been the central textbook of Roman law ever since.

It has four components. The *Code* is the reformed legal system. The *Institutes* is an elementary textbook about it. The *Digest* is a collection of commentary by leading juriconsults. The *Novels* is a compilation of laws and amendments subsequent to the *Code*. Intended for students, the *Institutes* is a synopsis of the reformed legal system.

About Us

Founded in 1983, The Lawbook Exchange began publishing reprints of legal classics in 1991, and introduced original titles in 2003. We currently serve thousands of individuals and institutions worldwide.

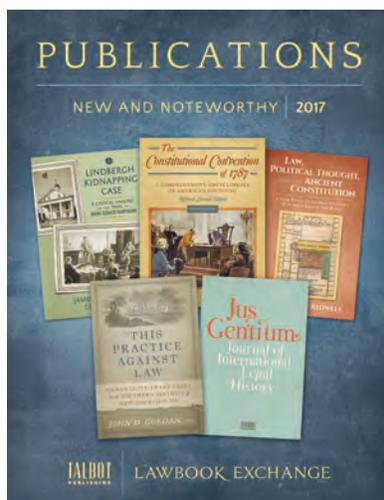

Although we have been publishing new original titles since 2003, we have issued them under the same imprint as our reprint editions: LAWBOOK EXCHANGE, LTD. In 2013 we divided our publication division into two units.

Our imprint, TALBOT PUBLISHING, presents new monographs of current scholarship in law and legal history.

LAWBOOK EXCHANGE REPRINTS is a series of more than 1,200 classic texts, many with new introductions, indexes and other new material by leading scholars. This series also includes recent monographs for which we have obtained copyright, thus they are not available elsewhere. Most of those are included here. Our reprints feature unabridged, carefully reproduced texts, acid-free paper and attractive, high-quality bindings.

For our latest catalogues and our complete list of over 1,240 titles by subject, please visit our website
